## 2017 Federal Policy Agenda

**Your Success is Our Business**

**Representing more than 60,000 people  
employed by nearly 600 businesses.**

## Regulatory Reform

The Tempe Chamber opposes new government regulations that impede business innovation or efficiency. The Chamber supports requiring careful cost-benefit analyses by federal agencies before enacting new regulations that add costs to business.

- The Tempe Chamber supports streamlining the exceptional events process by authorizing states and tribes to make case-by-case determination as to when natural conditions, windblown dust and other forces outside of their control cause an exceedance of air quality standards.
- The Tempe Chamber supports requiring administrative changes go through the formal rule-making process. Rules must be consistent with the laws under which they are written.

## Health

- The Tempe Chamber supports policies that provide relief to employers and employees as the ACA is implemented:
  - Reduce the harm of the employer mandate by restoring the 40-hour work week;
  - Repeal taxes that increase premiums and cost jobs such as the 40% excise tax, medical device tax, and the health insurance tax; and
  - Improve flexibility for tax-preferred accounts that encourage careful health care spending like FSAs, HSAs, and HRAs.
- The Tempe Chamber supports expanding access to coverage and services by strengthening the employer-sponsored system.

## Transportation

- The Tempe Chamber supports Arizona receiving its equitable share of federal transportation dollars.

## Wages

- The Tempe Chamber supports the integration into the workforce of persons with all levels of disabilities through the continuation of commensurate wage rules.

## Trade

- The Tempe Chamber supports a free-trade policy that recognizes that global trade, capital, and talent are fundamental to a successful free enterprise system.
- The Tempe Chamber supports extending the border zone to the entire state of Arizona to make it easier for pre-cleared Mexican visitors holding border crossing cards to travel to the entire state.

## Immigration

The Tempe Chamber supports federal policy to properly seal our porous borders, respond to the labor needs of the economy, and resolve the issues of illegal immigrants already living in the U.S. We support comprehensive immigration policy reform that:

- First and foremost, strengthens border security. From guarding the physical border to better tracking of expired visas, we must stem the tide of illegal immigration.
- Creates a secure, reliable system for employers to verify the legal work eligibility of employees. Employers need a federally based, user-friendly, low-cost, non-discriminatory method to ensure they are complying in good faith with the law.
- Establishes a market-based immigration process to support a wide range of workforce needs and to respond quickly to the employment demands of US businesses. Legal international workers play an integral part in the US economy.
- Develops criteria and establishes a guest worker/visa program for illegal immigrants already in the US with no other criminal or arrest record in both the US and their countries of origin, which is based on strictly enforced criteria, including payment of penalties. Productive, integrated members of our society should be given an opportunity to continue to add to our economy.
- Reimburses states for the costs of incarcerating, educating and providing health care for individuals in the country illegally. The Federal Government should take responsibility for the breakdowns in federal immigration policy.
